Prep-2 went on a walk to discover the shops and services of the Watsonia community. The 1/2s have recounted what they saw.
On the Watsonia walk in the community we saw Subway and at Subway I saw a girl go in to the shop. I saw the fish and chips. At the fish and chips it smelled yummy. I saw the Lolly shops. It looked yummy and I liked it.

On Tuesday I went on an excursion. It felt really hot and all the shops were really tall and it sounded really noisy because lots of people were there. Inside the shop I saw a piano and inside there saw some clothes. I also saw and inside there saw lots of food and legumes and I saw the board for games and the fish and chips shop.

On Tuesday we saw the road workers doing some work where we were going on a community walk. After that we saw 18A with lots of people. And after that I saw 18A with lots of trees. Then we saw a shoe shop that I have been in before with lots of shoes.
