Preps and Grades 1&2 are being introduced to the story of Pinocchio. We are singing lots of songs and learning how to greet one another in Italian. They need to practise their Italian with Pinocchio as he does not speak English!!
Grades 5&6 are learning how to record information using concept maps. Here are just some examples of the male & female adjectives the students are using to describe characters.

Grades 3&4 are participating in an Italian conversation competition. If they engage in a brief conversation in Italian outside the classroom they go into the draw and are eligible to win a prize at the end of the term.
