

## ITALIAN PROGRAM TERM 3 2019

Ciao a tutti (hi everyone) the students did some amazing work last term and should be proud of all the progress they have made so far. We are looking forward to yet another fun-filled term in Italian at Watsonia Primary School.

### PREP

This term the Preps will work on "Italian foods, basic mathematics, months, & seasons." We will also be focusing on items found in the classroom and understanding basic instructions given in Italian. Through various songs, storybooks and games the Preps will learn lots more about the Italian language and culture.

### GRADES 1&2

In Grades 1&2 students will be working on "seasons, months, weather, numbers & days of the week." They will also continue to build on language needed in the classroom.

### GRADES 3&4

In Grades 3&4 students will be focusing on "clothing, seasons, months, time and adjectives." They will look at different clothing for varying seasons, complete weekly dairy entries and describe the different items of clothing they need for different seasons.

### GRADES 4-6

Grades 4-6 students will be working on "clothing, shopping & advertising" they will understand how to describe various clothing pieces and put together a clothing catalogue. They will also perform a mock fashion parade describing colours, fabrics and style.

I look forward to another enjoyable term in the Italian classrooms.

**Signora Rina Nanos (Lote Italian Teacher)**
